Press Release

Local Photo Studio Partners with Dutch Company

RyKie Images & Events now offers easyCover products

Duchess, AB January 12, 2017: RyKie Images & Events is now an official reseller of easyCover camera accessories. Aside from Amazon sales, the Duchess-based photography studio is the only easyCover reseller in Canada.

“We’re excited to offer these amazing products to photographers in our region,” said Ryan Kiedrowski, Owner of RyKie Images & Events. “The innovative items easyCover offers are simply not found anywhere else.”

The most popular product in the easyCover line are the silicone camera cases, which cover the DSLR camera body like a skin. They’re available for a large number of Canon and Nikon bodies, with more models being updated regularly. Other products include lens rims, screen protectors, cases, bags, and lens rings.

“When you invest thousands of dollars into your equipment, you want to protect it,” Kiedrowski said. “What easyCover does is take the concept a step further – they add a little style to the mix also.”

Discovered - based in Rotterdam, The Netherlands - is the company behind the easyCover brand. They have been creating camera accessories since 2006, with a vast network that sees their products in 70 countries. To see the amazing products they offer, visit www.easycover.eu.

Camera Case

The Camera Case is a slim and smooth cover that protects your camera while it is fully functional. The cover is made from custom-fit silicone material. It provides a secure grip and protects against bumps, scratches, sand and dust.

Lens Bag

Lens Bag sizes:
 8.0 x 9.5 cm
 8.5 x 13 cm
 8.5 x 15 cm
 10.5 x 16 cm
 11 x 19 cm
 11 x 23 cm

The Lens Bag is a robust bag designed to store, carry, and protect your lens. It is made from weather-resistant nylon and has extra protective padding inside. It safeguards the lens from dust and moisture.

Lens Rim

Lens Rim sizes:
 52 mm
 58 mm
 62 mm
 67 mm
 72 mm
 77 mm

The Lens Rim is functional in all situations, whether it is an intensive hike, a shoot or at home photography: your lens will be protected against bumping. The Lens Ring is flexible and can securely fit over almost any lens barrel. The Lens Bumper protects the front of a lens and is specifically designed per diameter size.

Lens Case

Lens Case sizes:
 x-small
 small
 medium
 large
 x-large

The Lens Case is a light lens pouch manufactured from soft neoprene material to provide maximum impact absorption. It protects your lens from scratches, bumps, dust and dirt.
